

Testimonial – Jocelyn Ashcroft

April 2009

Our Canteen was experiencing difficulties both in terms of the support from students, staff and parents and also financially. With Jocelyn's help the operations of the canteen have been transformed and the canteen is now well supported and importantly the bottom line has improved substantially.

Jocelyn worked with our Canteen Supervisor to review all aspects of the operations of the canteen. The review was extensive and thorough. Jocelyn is very professional in her approach and the final report that we received from Jocelyn was exactly what we required.

Based on this experience, I thoroughly recommend Jocelyn to schools that may require assistance with their canteen.
