To Whom it May Concern,

Our P & C Association knew we had a problem with our canteen but didn't have the first clue on how to approach and resolve this. On the recommendation from MetWest QCPCA group we employed Jocelyn to audit our canteen.

She was beyond brilliant. Very motivated, professional at all times and handled potentially difficult issues without a drama. No question was ever too stupid or too hard and the follow up after the audit has been amazing. Her ability to empower both P & C volunteers and Canteen works has been inspirational.

Jocelyn's services are truly value for money and we can now proudly say at Springwood that our canteen is compliant with smart choices legislation. Thanks heaps Jocelyn.
