

Testimonial for Jocelyn Ashcroft

The ability to immediately identify areas of improvement for our tuckshop operation, and categorising them into order of priorities are what Jocelyn Ashcroft brings to the table as our Tuckshop Operations Consultant. Over her three days of observations and review, our Tuckshop Committee has benefited immensely on the advice, suggestions and ideas from Jocelyn Ashcroft. These ideas were thoroughly explained and analyzed in a meeting with our Executive team. All areas involving the tuckshop ranging from Workplace Health & Safety, Food Safety, volunteers to menu design, marketing, cost saving ideas and bottom line improvements were discussed in detail. Jocelyn's knowledge in this field is inimitable, as is her genuine friendly and professional demeanor in the engagement with our staff and volunteers. This is the best consultancy dollar our P&C has ever spent. We highly recommend Jocelyn Ashcroft to any P&C who are serious in improving their above and below the line tuckshop operation.
